- PART 3:** Student Consent and Acceptance of Terms
- PART 4:** Witness and Guarantee

The Institute of Ismaili Studies

Part 1: IIS STEP SCHOLARSHIP TERMS AND CONDITIONS

1.1 Overall Scholarship Aims

The Institute of Ismaili Studies (IIS) offers a Scholarship to Ismaili students who have been accepted onto the Secondary Teacher Education Programme (STEP). This two-year academic programme of study is delivered in London. It leads to two postgraduate qualifications: a Master of Arts (MA) in Muslim Societies and Civilisations awarded by SOAS University of London, and a Postgraduate Diploma (PGDip) in Teaching and Reflective Practice awarded by UCL. The STEP award is only valid if both qualifications mentioned above are awarded. Students who do not graduate from the Secondary Teacher Education Programme will not be eligible for IIS Alumni privileges or to begin employment with ITREB as STEP teachers.

The Scholarship promotes the broad aim of STEP, including but not limited to:

- *Evolving and sustaining a cadre of Ismaili Muslim teachers who are acquainted with the content informing the IIS Secondary Curriculum and who will implement the teaching of the curriculum;*
- *Developing teachers' reflective and critical stances and professional capacities informed through field-based practice, foundational educational training, and contemporary educational principles, theories and literature;*
- *Developing within the teachers a critical understanding of curriculum implementation, evaluation and assessment, particularly in relation to the IIS' Secondary Curriculum;*
- *Enhancing and fostering educational leadership skills and qualities amongst the teachers;*
- *Professionally training teachers to address the human resource needs of the Ismaili Tariqah and Religious Education Boards (ITREB) for Secondary RE educators.*

1.2 Scholarship Details

The IIS agrees to grant the IIS STEP Scholarship (the "Scholarship") to the student (the "Recipient") on successful acceptance onto the STEP for the academic cycle of 2025 – 2027. The Scholarship award covers:

- All direct tuition costs in relation to the Scholarship for the duration the Recipient remains enrolled on the course and in accordance with these terms and conditions;
- Programme-related costs as appropriate (pre-sessional, travel to religious education centres, study excursions and teaching practice);
- A monthly living allowance of £566 (the "Stipend") will commence at the start of the programme or on arrival to the United Kingdom, whichever is later. The scholarship will also

The Institute of Ismaili Studies

be paid if the student is required to attend an IIS-led pre-session programme (IPREP) prior to the start of the programme. The Stipend covers reasonable living expenses in compliance with UK Visas and Immigration (UKVI) thresholds and will only be paid to recipients when residing in London.

- The pre-session course at UCL will be held virtually and students will attend the Preparation for Academic Studies in Higher Education (PASHE) course online from their own countries. A monthly allowance equivalent to £566, calculated according to the World Bank's Purchasing Power Parity (PPP) will be provided to students. Details of how this payment will be made will be shared with students at a later date.
- Whilst on Field Teaching Practice (FTP), students will be paid a stipend based on the World Bank's Purchasing Power Parity (PPP) model. This is generally less but, in some cases, may be more than the normal monthly stipend payments.
- The stipend shall be paid to the Recipient in GBP (UK Pounds Sterling) via bank transfer. Payments can be made only into a UK-based bank account although exceptions to this will be made in the event of a Virtual Learning period: it is the Recipient's responsibility to inform the IIS in writing of all the account details necessary to process such payment. The Recipient is responsible for ensuring that the IIS holds up-to-date account details. In the event of any change to the bank account details, the Recipient must inform the IIS immediately, and in any case, at least one month in advance of payment of the upcoming stipend. The IIS accepts no responsibility or liability for any delay in paying any stipend where the Recipient has failed to notify of any changes to bank account details promptly.
- Single accommodation at the Student Halls of Residence will be provided to all enrolled students. When students travel for holidays or teaching practice, the IIS reserves the right to temporarily re-allocate the room for other uses during such periods. In this case, students will be provided boxes and asked to pack their rooms. Their belongings will be stored on-site until their return.
- The Recipient's economy class flight to London at the start of the course and repatriation flight following the successful completion of the two-year programme. The scholarship does not include the following (not limited to):
 - Any medical expenses or charges for dental clinic or optician/glasses
 - Visa fee and associated costs (e.g. travel, TB-Polio tests, etc.)
 - Costs of renewing a passport
 - Airline fees for extra baggage beyond the standard allocation.

1.3 Scholarship Terms and Conditions

The Scholarship is subject to the terms and conditions below and the Recipient's eligibility will be reviewed twice a year as well as under special circumstances detailed in the following sections.

The Institute of Ismaili Studies

The Recipient must be registered full-time and enrol in all programmes of study constituting STEP (MA and PGDip) within 2 weeks of the programme's published start date, and remain enrolled for the duration of the scholarship. Failing to enrol after 2 weeks (without reasonable justification) following the programme's published start date will lead to withdrawing the Scholarship. For students who hold a Student Route visa, this will also mean the IIS will have to withdraw their UKVI sponsorship.

1.4 Eligibility and Data Protection

In accepting the Scholarship, the Recipient hereby grants the IIS express permission to gather the data necessary to evaluate the Recipient's continued eligibility and to share this data with regulatory bodies. The Recipient agrees to promptly update the IIS in the event that there is any change to any relevant personal and academic circumstances that may affect the Recipient's eligibility. Such data including but not limited to grades, submission and attendance records, general and academic misconduct, can also be shared with sponsoring ITREBs to ascertain the Recipient's continued eligibility, fitness to study and/or practice, and suitability for work, as well as to provide regular progress updates.

The IIS reserves the right to withdraw the Scholarship in cases where the Recipient is found to have purposely misinformed or falsified information provided to the IIS regarding any aspect of their eligibility.

1.5 Academic Performance and Engagement, Teaching Standards, and Code of Conduct

1.5.1 The Scholarship is meant to support students who demonstrate good academic ability, maintain consistently satisfactory or above academic performance and engagement (including attendance) across all elements of the programme, and uphold consistently high standards of teaching, personal and professional conduct, while adhering to IIS values and the IIS Code of Conduct, as well as those of our partner institutions: UCL, SOAS and ITREBs. The IIS reserves the right at its sole discretion to withhold the Scholarship if, in the absence of any pertinent and evidence-based mitigating circumstances, it considers the academic progress, engagement, teaching standards, or personal and professional conduct of the Recipient unsatisfactory. Please refer to the relevant sections of the Student Handbook for more details on maintaining satisfactory progress.

1.5.2 For the duration of the Scholarship, the Recipient must submit a progress report twice a year, following the protocol set out in the Student Handbook. Failure to submit the aforementioned report by the due date will result in the automatic suspension of the Scholarship, followed by an investigation that may lead to the termination of the Scholarship and enrolment. A late submission penalty will be applied to all reports submitted after the due date.

1.5.3 The IIS reserves the right to withhold the Scholarship indefinitely in case of serious breaches of good conduct by the Recipient. The IIS, SOAS, UCL and ITREB UK codes of conduct are clearly stated in the Student Handbooks and affect all aspects of the programme, including lectures, seminars, workshops, meetings with academic staff and supervisors, study excursions, teaching placements, and all face-to-face activities. Should a Recipient be suspended on a disciplinary, fitness to study, or fitness to practise basis, Scholarship payments will also be immediately suspended.

Payment Reinstatement is at the absolute discretion of IIS and will depend on the outcome of any disciplinary procedure as set out in the Student Handbook. In case the outcome of the disciplinary procedure leads to expulsion from the programme, the Scholarship will be withdrawn, and the IIS has the

The Institute of Ismaili Studies

discretionary right to seek appropriate redress for any proportion of the Scholarship already paid out to the Recipient. In case the outcome of the disciplinary procedure does not lead to expulsion, the IIS nonetheless reserves the right to withdraw the scholarship when the breach of conduct is of such nature as to permanently jeopardise the fiduciary relationship between the Recipient and the IIS and/or the pertinent ITREB(s). UKVI will also be informed, and the visa will be withdrawn.

1.5.4 The Recipient will be expected to complete his/her studies within the 2-year period, commencing at the start of the academic term in September 2025 and ending 31 August 2027, except in cases when the Recipient's studies have been deferred or interrupted to a later date due to extenuating circumstances supported by adequate evidence. In these cases, students are expected to complete his/her studies within a period of 2 years. In total, the student will be expected to complete his/her studies within 4 years from commencement.

The cumulative period of the Scholarship cannot exceed two years. Failure to complete the programme within two years of the Scholarship (whether continuous or cumulative) will not lead to any extension of the Scholarship, even in extenuating circumstances. After 2 years of scholarship (cumulative or continuous), the IIS will not be responsible for any associated costs with deferral (including but not limited to flights, visas, immigration health surcharge, and IELTS or other accepted Academic English language skills test).

1.5.5 The Recipient agrees to comply with the rules and procedures set out in the Student Handbook, and with the pertinent regulations and procedures of the IIS, SOAS, UCL, as well as ITREBs as student sponsors and providers of teaching placements at Religious Education Centres (RECs). Failure to do so may result in the IIS withdrawing the Recipient's Scholarship, UKVI sponsorship, and enrolment as a STEP student.

1.6 Withdrawal, Expulsion and Non-Completion

1.6.1 The Recipient's entitlement to the Scholarship will be governed by the conditions and procedures for withdrawal, expulsion, and non-completion of the academic programme as governed by IIS policies and regulations, as well as this Scholarship's Terms and Conditions. In case of divergence between the present terms and conditions and such UCL policies and regulations, the present terms and conditions shall prevail. If the recipient breaches policies of either institution, they may lose their scholarship, be subject to UKVI sponsorship withdrawal and enrolment withdrawal on STEP.

1.6.2 Receipt of the Scholarship is dependent on enrolment on the programme. Any changes to the Recipient's enrolment status leading to suspension, deferral, withdrawal, or expulsion will lead to the automatic suspension or termination of the scholarship, UKVI sponsorship withdrawal and enrolment withdrawal from STEP, as appropriate.

1.6.3 In case the outcome of the disciplinary procedure does not lead to expulsion, the IIS nonetheless reserves the right to withdraw the Scholarship when the breach of conduct is of such nature as to permanently jeopardise the fiduciary relationship between the Recipient and the IIS and/or the pertinent party.

1.6.4 If the Recipient ceases study without completing the qualification for which the Scholarship was paid (voluntarily or where the Scholarship is deemed to be withdrawn under these terms and

The Institute of Ismaili Studies

conditions, or otherwise terminates in accordance with these terms and conditions), the IIS has the discretionary right to seek appropriate redress for any proportion of the Scholarship already paid out to the Recipient and/or indefinitely withhold any further payments otherwise due to the Recipient.

1.6.5 In any of the above cases, when the Scholarship is withdrawn or terminated early, the Recipient may receive an overpayment, for instance, when the IIS is unable to cancel an upcoming payment, or when a change of circumstances leading to interruption or withdrawal occurs shortly after a payment has been made. In the event of an overpayment, the Recipient may be required to repay all overpaid amounts within 3 months following direct invoice by the IIS. The IIS also reserves the right to deduct any overpayment from any sum at that time due to the Recipient. The reimbursement of overpayments might be waived, at the sole discretion of the IIS, under exceptional circumstances to be ascertained by a review conducted by the relevant committee.

1.6.6 The Scholarship is awarded to Recipients who have received a conditional contract of employment from their respective national ITREB, which is subject to the successful completion of the two-year academic programme (STEP), i.e. both the MA and the PGDip and have agreed to the terms and conditions of the contract.

1.6.7 The Recipient understands that after successfully completing the academic programme in London, he/she will be governed directly by the terms and conditions set out in the employment contract issued by his/her national ITREB.

1.6.8 In the event that the Recipient does not commence employment or fulfil all contractual obligations as per the conditional contract of employment provided by the sponsoring ITREB, the IIS reserves the right to seek appropriate redress for any paid-out portion of the Scholarship from the Recipient and/or indefinitely withhold any further payments otherwise due to the Recipient.

1.7 Mediation

In the event of conflict arising from the observance and enforcement of these Terms and Conditions, the Recipient and the IIS agree to seek mediation with one of the Conciliation and Arbitration Boards.

1.8 Governing Law and Jurisdiction

This agreement and any dispute or claim arising out of or in connection with it or its subject matter or formation (including non-contractual disputes or claims) shall be governed by, and construed in accordance with, the law of England and Wales.

Each party irrevocably agrees that the courts of England and Wales shall have exclusive jurisdiction over any dispute or claim arising out of or in connection with this agreement or its subject matter or formation (including non-contractual disputes or claims). Nothing in this clause shall limit the right of the IIS to take proceedings against the Recipient in any other court of competent jurisdiction, nor shall the taking of proceedings in any one or more jurisdictions preclude the taking of proceedings in any other jurisdictions, whether concurrently or not, to the extent permitted by the law of such other jurisdiction.

PART 2: GENERAL STUDENT INFORMATION

2.1 Student Visas

Students from a country outside of the UK will be required to obtain a Student Route student visa from a UK Visa Application Centre in their home country before they arrive in London. Payment of the visa

The Institute of Ismaili Studies

fee and associated costs (e.g. travel, TB-Polio tests, etc.) will not be reimbursed by the IIS or UCL.

At the time of visa application, the recipient will be required to submit original copies of their certificates/diplomas to UKVI as listed below:

- University degree(s) (originals and certified translation in English if applicable);
- Transcript(s) (originals and certified translation in English if applicable);
- Proof of English level, IELTS or other accepted Academic English Language Skills test (if applicable);
- Passport valid for international travel for the entire duration of the programme, i.e. 2 years from the start date of Term 1;
- Confirmation of Acceptance to Study (CAS) letter issued by the Institute following your acceptance of the Scholarship (see below);
- Any other documents that the UKVI or the IIS may require. Express requests for such document(s) will be made if required.

Upon arrival in London, the recipient must submit the original copies of these documents to the IIS Student Services.

2.2 Disclosure and Barring Service (DBS) Enhanced Disclosure Certificate

It is a statutory requirement that any individual teaching in a UK school or working with children or young people must receive a satisfactory Enhanced Disclosure Certificate from the Disclosure and Barring Service (DBS). A Disclosure and Barring Service check (DBS check) will be arranged by UCL in line with the UK regulations. The teaching placements will place students in a 'position of trust', as set out in the Exceptions Order to the Rehabilitation of Offenders Act (ROA) 1974.

Recipients must supply a criminal record check (Police Report) from the relevant authorities in their home country, and from every other country where they have previously spent 12 months or more. This document should contain details of any cautions, convictions, reprimands, warnings or bind-overs recorded against their name, or confirm that there are none.

An official certified document translation will be required if this information is not in English. The original document(s) and the translation(s) will need to be brought to UCL on the day that recipients officially enrol onto the programme.

Failure to submit and pass the criminal record check will jeopardise enrolment.

2.3 Attendance

As the financial sponsor, the IIS expects students to attend **100%** of all scheduled activities at the IIS, including lectures, seminars, workshops, fieldwork, field trips and all face-to-face activities, except in documented cases of medical or personal emergencies.

Students must abide by the Attendance Policy as outlined in the Student Handbook. If ill health prevents students from attending any of the aforementioned contact points, they are required to immediately contact the appropriate person following the protocol detailed in the Student Handbooks and supply appropriate medical evidence within a week of the absence. This may include a GP note, specialist assessment or diagnosis, etc.

The Institute of Ismaili Studies

In case personal or close family emergencies prevent students (or will prevent them in the foreseeable future), despite proven best intentions and goodwill, from attending any of the aforementioned contact points, students are required to immediately contact the IIS (for MA) and UCL (for PGDip related activities) and supply appropriate evidence documenting the case.

Where attendance is impeded for a period exceeding two continuous weeks, the Academic Management Committee will deliberate whether to grant a concession or propose a different course of action based on each specific case's nature and likely outcome. This may, in turn, affect enrolment status and eligibility to continue receiving the scholarship payment.

Depending on the nature of each case, the IIS may deliberate whether to:

- Produce a strategy to support your studies during the absence period, while maintaining your enrolment and scholarship payments;
- Defer your studies to a later set date, thus suspending your enrolment status and scholarship payments;
- Suspend your enrolment and scholarship indefinitely;
- Propose a voluntary withdrawal. If you accept this withdrawal, any proportion of the scholarship paid or overpaid to you until that point will be waived, and no reimbursement will be sought. You will be permitted to reapply for the Graduate Programme in the future.

2.4 Carrying out paid or unpaid work in the UK

Under current UKVI policy, students are entitled to seek paid or unpaid employment while staying in the UK as a student enrolled on STEP. *However, the IIS Policy in relation to employment is that no student is allowed to undertake paid work whilst enrolled on STEP.*

2.5 Bringing dependents to the UK

As of January 2024, the UK government no longer allows for dependents to accompany those with a Student Route visa to the UK, unless the student is enrolled on a postgraduate course designated as either a PhD or other doctorate (RQF level 8) or a research-based higher degree. The STEP programme does not meet these criteria, so bringing dependents with you will not be possible. Further note that under the scholarship terms, recipients will be provided with a single occupancy room at the halls of residence. The IIS tenancy agreement for the accommodation runs from September to August. Students are not allowed to terminate the agreement before the end of the academic year. Under certain circumstances, and subject to approval from the IIS, should students wish to opt out of housing at the halls of residence in the first year, they must inform IIS Student Services by the 30th June, 2025. Only the Recipient is permitted to live in the single accommodation provided at the IIS halls of residence. Should the Recipient wish to opt out of housing at the halls of residence in the first year, they must inform IIS Student Services by June 30th of the year the programme begins.

2.6 Induction

Induction is mandatory, and all students are required to attend each session. Details will follow before the commencement of the programme. Please note that recipients must attend the two-week induction and ensure they are in London before orientation. Attendance at all pre- sessionals, where applicable, is mandatory.

The Institute of Ismaili Studies

2.8 Living in London

Information on living in London can be found in the pre-arrival guide, which will be distributed to students electronically before arrival in the UK.

2.9 The IIS, UCL and SOAS University of London

While studying at the IIS, students will be governed by the policies of the IIS, including but not limited to policies relating specifically to the Department of Graduate Studies (DGS) and the Aga Khan Centre (AKC) and for those in IIS accommodation, the policies of Victoria Hall. In some cases, these may be superseded by policies of our validating partners, SOAS University of London and UCL, where this is the case, information will be provided in the IIS policy documentation (please see the IIS portal for IIS policies).
